- Topics covered in the assessments
- Which sections should be completed in the revision materials and workbooks
- What further revision can be completed

Easter Homework

Alongside guidance for the core mock examinations, **all subjects** have also constructed Easter homework guidance. This outlines the key tasks that students must complete over the Easter period alongside additional revision that should be complete ahead of their summer examinations.

Please use this booklet and the revision materials provided on Class Charts and in lessons to prepare for these exams. Keep them safe as this is a valuable resource. It will also be sent electronically to all students.

If you need any further support, guidance or information please do not hesitate in contacting us.

We would also like to take this opportunity to thank you for your continued support and a huge well done to all those students who have continued to work hard and demonstrate that they are truly made for greatness.

Please do not hesitate to make contact if you have any further queries.
