September 30 2021

Dear Parent/Carer

'TRANSITIONS'

Members of West Midlands Fire Service (WMFS) will be delivering several **'Transitions' road safety presentations** from Wednesday 13th to Friday 15th October 2021, aimed at improving safety on roads. We feel it is important that this vulnerable road user group are empowered to make good choices.

'Transitions' is designed to raise awareness and create a better understanding of being a responsible road user i.e., pedestrian, cyclist or passenger.

Please be aware that the Transition's presentation is **non-graphic** (no slides display dead persons and/or blood etc), however WMFS may use emotive language which sparks an emotional reaction from a young person, especially if they have ever been involved and/or if they know of anyone who has been killed or seriously injured in a road traffic collision.

To understand the seriousness of this issue and the reality of road traffic collisions, we feel that the young person would benefit from 'Transitions' presentation.

If you **do not wish** your young person to take part in this presentation, please complete the form below and return it via email to paul.wells@cncs.school prior to 11/10/2021.

Thank you,

Yours faithfully

Arron Lennon
Road Casualty Reduction Team Educator
West Midlands Fire Service

Ms E O'Connor
Headteacher
