September 2023

Dear Parent

I am delighted to let you know that the school has purchased a scientific calculator for your son/daughter. Your son/daughter will be issued with the calculator and be asked to sign to confirm they have received it. If your son/daughter loses the calculator there will be a cost to replace it.

Your son/daughter will need to bring the calculator to every maths lesson as part of their standard equipment. Over the course of the year your son/daughter's teacher will go over how use the calculator effectively.

Kind regards

Alex Heyes
Head of Maths

Ms E O'Connor
Headteacher
